Create Your Own Message Templates

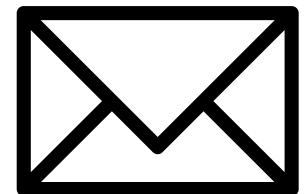

The screenshot shows a CRM application's 'Template' section. On the left, a vertical sidebar contains icons for Dashboard, Live Chat, Broadcast, Contact, Chat Flow, and Template (which is selected). The main area has a green header bar with a 'Template' title and a 'Create New Template' button. Below the header is a search bar and a row of status filters: Library (3239), All (40), Pending (05), Approved (33), and Draft (02). A table lists 'All Templates' with columns for Name, Category, Description, Created On, Status, and Actions. One template, 'Country', is highlighted. To the right is a preview of a mobile message template for a birthday, featuring a red banner with 'HAPPY BIRTHDAY' and a cupcake, followed by promotional text and a reply input field.

Create Your Own Message

Templates

The screenshot shows the WappCloud software interface. On the left is a sidebar with icons for Dashboard, Live Chat, Broadcast, Contact, Chat Flow, Template (selected), and More. The main area has a header 'Template' with a search bar 'Find all customer's contacts here'. Below it are status boxes for Library (3239), All (40), Pending (05), Approved (33), and Draft (02). A section titled 'All Templates' shows a grid of 12 template cards, each with a preview image, category (Retail), template name, and a 'Select' button. The categories listed on the left are Top Rated, Trending, Most Favorite, Ecommerce, Retail, Banking, Education, Healthcare, Automobile, Non Profit, and Service.
